PRICE THREE CENTS

SENATOR VOORHEES.

He Chats on Hoosier Politics at Chicago.

CHICAGO, Oct. 26.—Senator D. W. Voorhees, of Indiana, was at the Grand Pacific hotel yesterday. He came in direct from Stevens Point, where he had been engaged in an attempt which terminated successfully in securing, on the ground of insanity, an acquittal for W. W. Hazeltine, who killed J. W. Morse, his friend, for having led his wife astray. A reporter for the *Times* met the "tall sycamore of the Wabash," last evening and asked him as to affairs politically in Indiana. "We ought to gain congressmen in the Tenth and Eleventh districts," he replied. "I believe we will. That will make the delegation eleven democrats and two republicans. John Lamb is certain to be elected in the Terre Haute district. There was some ugly feeling among the various factions over his nomination, but there was no split in the party, and he will, as he should, receive the full party vote. Our state ticket will be elected by a largely increased majority. I leave for Tipton to-night, and shall be on the stump from to-morrow till the election continually. What do the Indiana democrats think of President Cleveland? Well, they like him. They feel that he is giving the affairs of the country a comfortable, clean, pure, and honest administration. If no bad blunders are made, and things continue to run in the same groove they are running in now, he will be re-nominated and re-elected by an immense majority."

Be Important Witness in the Haddock Murder Case Killed.

DES MOINES, Ia., Oct. 26.—The disappearance of Henry Peters, one of the important witnesses of the Haddock murder case of Sioux City, and the intimation that he had been killed to prevent his telling, has been nearly confirmed. A body has been found and to day an examination of the clothing was made, which led to an almost complete identification of Peters.

BIG MONEY.

Thirty-Six Million Dollars Paid by the Indianapolis Pension Office in Nine Years.

WASHINGTON, Oct. 26.—From the annual report of Third Auditor Williams, now in preparation, it will be seen that the disbursements of the pension agency at Indianapolis during the past year were \$5,544,486, against \$5,483,941 in 1885, \$4,592,709 in 1884, \$5,159,025 in 1883, \$4,653,336 in 1882, \$3,086,898 in 1881, \$3,651,399 in 1880, \$2,132,795 in 1879, \$1,844,578 in 1878, making a total during the past nine years of \$36,114,203. The total expenses of the agency last year were \$23,498. Indianapolis has the third largest agency in the country.

Weather Indications.

WASHINGTON, Oct. 26.—The weather indications are as follows: Ohio, local rains, followed by fair weather, warmer in the northern portion and nearly stationary temperature in the southern portion.

Indiana, generally fair weather and warmer.

Michigan, generally fair weather, warmer.

Fire Record.

CINCINNATI, Oct. 26.—A defective flue caused a fire in the attic of John S. Park's patent medicine laboratory at 155, 157 and 159 Main street to-day, which entailed a total loss of \$13,000, mainly by water. Fully insured.

\$50,000.

An Adams Express Car is Robbed Near Meremac, on the St. Louis and San Francisco Road.

ST. LOUIS, Oct. 26.—An Adams express car on the St. Louis and San Francisco road, which left this city at 8:25 last night was robbed of over \$50,000 in cash between here and Pacific, Mo. From meagre reports it seems that before the train left this city, a man giving the name of Cummings, presented letters to the express messenger, Mr. Frothingham, purporting to be signed by the officers of the company, stating that Cummings was about to take a "run" on the line, and asking Frothingham to give him points, when, near Meremac, the stranger overpowered the messenger, gagged him and bound him to the safe, after which he coolly rifled the car. He

took open bags containing silver but took none of it. At Meremac the robber left the train. The robbery was not discovered until the train reached Pacific, when the express car was broken open and Messenger Frothingham found tied to the safe. The express officials are reticent, but admit that over \$50,000 was taken. The robber is imperfectly described as a tall, dark man of prepossessing appearance, dressed in black, with very large hands and feet. It is quite a singular coincidence that he gave the name of Jim Cummings, the only member of the once celebrated James gang who has never been accounted for.

DR. SUNDERLAND.

The Distinguished Clergyman Refuses Aid to a Needy Member of His Flock.

NEW YORK, Oct. 26.—A Washington special to the *World* says: "Some time ago Deacon Patterson, of Dr. Sunderland's church, which President Cleveland attends, was dismissed from the supervising architect's office. The deacon is about seventy years old and has a large family to support. There were no charges against him. He went to Dr. Sunderland and asked him to go to the president and lay the case before him, but the doctor indignantly refused. He did not propose to say anything of a political nature to the president, even for a deacon of his church. A large number of the congregation next called upon the doctor and requested him to speak to Mr. Cleveland and use his influence to have the old gentleman reinstated. The callers were treated with marked disrespect. This caused a flutter among the doctor's flock, some of whom openly rebelled and used strong language. 'The truth of the matter is,' said a member of the church yesterday, 'Dr. Sunderland is more afraid of losing President Cleveland by speaking of political matters to him, than of doing a humane act in endeavoring to help an old man, who is a deacon in his church and who, with his large family, is near starvation. A party of us went to the president and he intimated that should Dr. Sunderland support us in our desire to have the old gentleman reinstated it would be done, but the doctor stubbornly refused and a great many of us left the church, and a large number will do so before another week is gone. Not one member in twenty will support the doctor in his course.'"

Liberty's Unveiling Thursday.

NEW YORK, Oct. 26.—The preparations for the unveiling of the statue of liberty next Thursday are progressing rapidly.

ELECTION FRAUDS.

A Convict Witness Gets Away From His Guard.

COLUMBUS, O., Oct. 26.—Jno. Francis, an eight year convict, sent up from Dayton, escaped from his guard at the court house this morning. He was one of the principal witnesses for the state in the Thirteenth ward "A" tally sheet forgery cases, which are now on preliminary hearing.

Francis had been placed on the witness stand, but during a lull in the proceedings he walked out. It is believed he had assistance to get away from the court house and vicinity in such a hurried manner.

BLAINE-CLEVELAND.

The Maine Man in Doubt Whether He Could be Elected.

WASHINGTON, Oct. 26.—Colonel Dudley, ex-commissioner of pensions, who has just returned from Pennsylvania, where he was with Mr. Blaine for two or three days, has been interviewed by the *World's* correspondent. When asked if he thought Mr. Blaine would be a candidate for renomination he said: "I have no such relations with Mr. Blaine that I think he would have told me if he was a candidate, if he had made up his mind on the subject. I am certain Mr. Blaine does not want to go through another fruitless campaign. Mr. Blaine's judgment is clear and unbiased. I am perfectly confident that he doubts his ability to be elected if he should be nominated again. If he becomes convinced of that, you may be sure he will not permit his name to be presented to the convention."

Colonel Dudley then went on to say that there were a number of western candidates coming up. If the nomination should not go to Mr. Blaine it would probably go west, and in that event

would naturally go to somebody agreeable to Mr. Blaine. Mr. Allison he regarded as very prominent on this account. If Indiana should go republican this fall by any chance, that fact would bring General Harrison to the front. Governor Foraker, of Ohio, was also coming up. He is very popular with the young men, and in the event of Blaine's nomination might go second on the ticket."

"Do you think Mr. Blaine will be re-nominated?" "It will depend upon what the democrats do. I think Mr. Blaine could carry New York against Cleveland, but I do not think he could carry it against Governor Hill. I regard Governor Hill as one of the most astute politicians of his time. If he were to be nominated, the republicans would have to be governed in their choice by that fact."

Senator Sherman is charged with a street extension job in Washington, designed simply to make his acre property available for sub-division into city lots. As the people of the United States bear half the expenses of the District of Columbia, the matter quite naturally attracts attention outside of the national capital.

FIGHTING FIRE.

Thousands of Acres of Valuable Timber Land Burned.

READING, Pa., Oct. 26.—One hundred men employed by the county commissioners have been on Blue mountain fighting mountain fire night and day since last Saturday and this afternoon they succeeded in extinguishing the flames after 5,000 acres of valuable timber had been burned over. The charred remains of a number of cattle and hundreds of birds were found in the burned district.

WHITESTONE, L. I., Oct. 26.—The woods between this city and Bayside have been burning fiercely since yesterday noon and the village fire department was out all night working to prevent the flames from reaching dwellings in the vicinity. A large quantity of valuable timber has already been destroyed.

DOVER, Oct. 26.—An extensive fire at Barrington last evening swept over a large area of woodland. The fire is still raging. The loss so far is estimated at from \$15,000 to \$20,000.

NATURAL GAS.

A New Theory as to Its Origin and Application.

PITTSBURG, Oct. 26.—Chambers Miller, of Sewickly, Pa., holds the theory that natural gas is confined in the earth in a fluid state, and he has filed a caveat for a patent, which is designed to conduct this fluid to the surface and into receptacles for its preservation.

If this theory should prove correct it will be the greatest discovery of the age, as the fluid brought to the surface and confined at a pressure of say 600 pounds to the square inch can be utilized to an inconceivable extent as fuel. A locomotive, for instance, with a few gallons of fluid, would have a supply of fuel sufficient to run it from Pittsburgh to Chicago, and an ocean steamer would require only a few barrels to make a trip to Europe. A test of the theory will in all probability be made at an early day.

An Insurrection.

CAPTOWNS, S. A., Oct. 26.—Ten tribes and Potosi have invaded Xeliseland, burning the Kraals and committing depredations. The government is raising volunteers to resist them. The situation is critical.

CLOSING UP.

The Episcopal Convention Getting Down to Important Work.

CHICAGO, Oct. 26.—The resolution of the house of bishops naming Wednesday as the day of adjournment was non-concurred in and a joint committee of conference was appointed to consult the bishops and to decide upon a day of adjournment. It was urged that the convention should complete the work of the liturgical revision and the canon on marriage and divorce before adjourning, and also two important reports on Christian unity. The bishops then renewed the consideration of amendments and changes in the book of common prayer.

Gust Rau, Geo. McCurdy and young Devlin were arraigned before the mayor for destroying work at the new Catholic orphan asylum. They got off with a reprimand.

D. S. KEIL.

His Sad Death in New York City This Morning.

The many friends of Mr. D. S. Keil were pained to learn of his death at New York City this morning at 6 o'clock, from consumption of the bowels. Mr. Keil had been troubled with the dreadful disease for many months and left only a few weeks ago for the east, accompanied by his loving wife, to try and find some remedy or treatment that might bring him relief. But it seems nothing could be accomplished, for his wife telegraphed her son, Mr. Calvin Raymond, of this city, this morning, that her husband died at 6 o'clock and that she would start for home with the remains this evening. Mr. Keil was born in Butler county, Ohio, and was fifty-four years of age. He was a graduate of the Wittenburg college, of Springfield, Ohio. He served in the army as sergeant from 1862 till 1865, and moved to Fort Wayne in 1866. With his brothers he purchased the *Gazette*, of this city, in 1879, and was managing editor for about ten years. In December, 1883, he was married to Mrs. Jennie Raymond, of this city. He was a warm hearted, kind gentleman, and like a true born nobleman, had a pleasant word and smile for every one. In business he stood high and he carried with him the esteem and respect of his fellow men. His wife in her sad bereavement has our most sincere sympathy in her great loss and it is certain the community loses an upright and honorable citizen.

PRISON SCHOOL.

Hon. Henry Monning Tells How the Convicts are Instructed on the Lake Front.

"We have 700 prisoners in the northern penitentiary," said Hon. Henry Monning, one of the directors, "and a grand feature of life in the prison, which people hear little about, is the school taught each Sunday. When a new recruit is ushered before the deputy warden for examination, the question, 'can you read or write?' is put to him, and if an answer be received in the negative, the fellow is at once enrolled as a member of the educational class. School begins in the chapel immediately after breakfast, and continues until 9:30, over two hours and a half. Over sixty convicts are now taking lessons, being taught by fellow convicts, under the supervision of a guard. An ignorant man can, by strict attention to his studies, become proficient in the under elements within six months' time, so that he can write his own letters and read readily. Then he is 'graduated' to make room for new beginners."

MR. ABBOTT AGAIN.

To the Editor of the *Sentinel*.

Mr. Abbott in the *Gazette* of Sunday complains that my letter published in your paper on Saturday evening, is unjust to him. He is mistaken. As a candidate for auditor he must not object if the papers "tell the truth." In my letter he was set down as a "chronic floo-see-ker who, after a series of rebuffs at the hands of the voters of Allen county, is again before the people as an independent candidate for auditor." Is not that true? The democrats nominated him for auditor in 1870, but he was too heavy a weight to carry, and he was beaten. He was again nominated in 1874, for the same office, and his unpopularity was again shown by the beggarly majority of thirty votes by which he captured the place. His present allies complained bitterly of the means by which he was saved, and went so far as to claim that he was not elected at all, but only "counted in." He tried for a renomination but failed. Since that time he has been an independent candidate for something at every election, I believe, but always figured in the "scattering column" of the returns. Mr. Abbott says: "If an issue of \$100,000 bonds would have wiped out all the county orders including \$14,800 of interest due on them and left a balance of \$10,000 in the treasury, then what in the name of common sense did the commissioners issue \$200,000 county bonds for?" My letter of Saturday, answered this fully, as Mr. Abbott knows. It was to put an end to "the extravagant, vicious and demoralizing system of doing the public business on tick." To do away "with the practice of anticipating the revenue by the issue of county orders, that involved waste extravagance and recklessness—a prac-

tice which was burdensome to the tax payers, injurious to the general interests of the public and of no advantage to any one."

Mr. Abbott thinks "it was an act of shameful extravagance to load the people with an issue of \$200,000 bonds and \$64,000 interest, extending over a period of eleven years." For the \$200,000 of bonds \$204,000 cash has been paid into the treasury to be paid back in installments covering a period of ten years. The interest that will have to be paid will be in all \$69,000, and it will be found that during the last eleven years which will reach back to 1876, the county has paid in interest a sum equal to \$69,000 without the benefit to the county of having the business transacted on a cash basis.

Mr. Abbott, in this morning's issue of the *Gazette*, says: "It should be remembered, that from 1878 to 1886, a debt of more than \$200,000 was created." In his former communication he proved by the record that as late as June 1879, there was a cash surplus of more than \$23,000. Why not commence in 1879 instead of 1878? Now, in conclusion, Mr. Abbott, you know that the indebtedness of the county at the end of the last fiscal year (June 1, 1886) was \$90,331.21, so that a loan of \$100,000 would have paid off every county order and left a balance in the treasury of nearly \$10,000, and you ought to say so. The republicans won't vote for you, and you ought not to help them elect Mr. Higgins. It would be an ungrateful thing for you to do. A DEMOCRAT.

LOCAL CHAT.

News Picked up in the Surrounding Villages.

The Seymour woolen mills are working at night to fill orders.

Mayor Carter Harrison has been nominated by the democrats of his district in Chicago for congress.

A few nights since the new fish ladders at Defiance, just completed at a cost of \$600, were destroyed by some conscienceless scoundrel with dynamite.

Logansport has recently been scourged with diphtheria, some sixty deaths having occurred there from that terrible disease within the past month and a half.

Harry New, of the Indianapolis *Journal*, has bought another dog. He didn't need a dog particularly, for he had fifteen already, of all styles, breeds and dispositions, ranging from a St. Bernard down to a rat terrier, not counting "Old Hoss," who loafs around the opera house, and "Deck," who reports political meetings for the *Journal*. It costs enough to feed these dogs to run a base ball club. Mr. New has also more than a thousand dollars' worth of guns and other hunting paraphernalia, and it is calculated that every quail he kills costs him \$9.35, every rabbit \$7.52 and every duck \$19.76. He paid a man \$50 to train one of his "pointers," and when he was sent back, thoroughly broken as they say, he persisted in "pointing" a game stand on Illinois street, where, it is suspected, New gets his game when he goes hunting.

Railroad Election.

INDIANAPOLIS, Oct. 26.—The first annual meeting of the Cincinnati, Indianapolis, St. Louis and Chicago railway company was held here to-day. The following persons were elected directors: M. F. Ingalls, George Hoadley, Samuel J. Broadwell, B. F. Evans, George Wilshire, Lars Anderson, Orland Smith, Thomas A. Morris, Allen M. Fletcher, F. T. Jeffrey, George Bliss and C. P. Huntington.

President Ingalls submitted a statement for the four months ending Oct. 31, showing an increase in the net earnings of \$44,522. It was ordered that the rate of dividends be increased from time to time as the revenues may justify. An issue of \$3,000,000 of stock was ordered. The directors meet to-morrow to elect officers.

MONROEVILLE.

Political and Other News From Our Suburban Neighbor.

Our town council is not giving general satisfaction. Such *modus operandi* will not be lawfully recognized.

Henry Krick will sell all his personal property on Saturday November 6. He intends starting a saloon at Hoagland.

This will be our last exhortation to our honest democratic friends to see that there are no names scratched on your ticket next Tuesday. We have as good and capable class of gentlemen as was ever placed on a ticket. Eli will get there next Tuesday, and don't you forget it.

The personal property of the late Sam Wan will be sold at administrator's sale Thursday, November 4.

A large political meeting was held at Burns' hall last Tuesday, at which place a liberal crowd of all parties congregated for the purpose of hearing the joint discussion between McDonald and Blair, democratic and republican candidates for joint senator of Allen and Whitley counties. Mr. Blair opened the discussion by giving a limited history of his career and a tinge of his profession, which was not necessary, as his attitude was sufficient to convince the audience that he was a cooper, which is by no means a disgraceful occupation, and as such he may be for the next few years. He talked about our prison labor and read copious articles, said to have been published, but refrained to show its legality. Blair stamped the floor for an hour, after which Colonel McDonald took the floor and spoke for an hour and fifteen minutes in such a manner that throughout his speech he was cheered with enthusiasm. He, in a gentlemanly manner, answered the different topics tackled by Blair; told the audience why he was here, and what he intended to do if elected—which is certain. T. P. Keator, of the Fort Wayne *Gazette*, was present and in a bluffing way prohibited Mr. McDonald from using his name in connection with his candidacy of four years ago. Blair was then allowed more than fifteen minutes to finish the discussion. He did not bring forth any new ideas, but tried to abuse his competitor, but with no effect. Many anecdotes were told by both speakers, which kept the audience spell-bound during the entire time. Come again, gentlemen, this is what helps democracy.

Last Tuesday evening, Messrs. J. B. Harper, H. Cohen, C. Higgins, J. W. Hayden and Judge Chapin, all of republican color, addressed a large crowd at the hall in the rear of Stewart's store. The speakers are all good citizens of Fort Wayne, and not a word can be said against them, only that they do not belong on the right side of the fence. Not a word of abuse was cast against the democratic candidates, but they were constantly throwing chestnuts at the democrats who were present, in order that they might secure their votes. At the conclusion of the meeting some unknown villains, who are not fit to live in a free country, disgraced the town by egging the audience. This is the second attempt made here, probably by the same party, or parties, inside of two weeks. This is a disgrace to the town, and by no means are the respectable citizens to be blamed, as they are all anxious to bring the offender or offenders to justice. The *Gazette* correspondent from this place is asked to correct his erroneous statement concerning the affair.

We learn that the teachers of Madison township held an interesting institute at Hoagland last Saturday. Seven teachers from the township, besides many from the surrounding townships were present. Supt. G. F. Feltz was also present and was chairman of the meeting. During Mr. Feltz's stay he gave much good advice to the teachers present. Mr. Feltz is the teacher's friend, and is always in sympathy with them. The next institute will be held at the Potts' school Saturday, November 20.

D. A. Way has just completed the brick work of a school house for Trustee Bullerman, of St. Joseph township. He will now commence the foundation for an elegant school building west of town for Trustees Neff, of Madison township. Mrs. Samuel Williams, the lady who was so badly injured during the recent storm, is getting better and will be able to leave her bed in a few days.

Mr. John Hays and bride, of Chicago, are spending a month's vacation with his relatives at this place. John is an operator for the Chicago board of trade, and is considered as one of the best telegraphers in the west.

FACTS FOR VOTERS.

Hon. Charles McCulloch Makes an Hon-
est and Masterly Statement of
County Affairs.

To the Editor of THE SENTINEL.

Nothing more completely baffles trick-
ery and deception than a straightfor-
ward statement of facts. I believe that
the taxpayers of Allen county and the
city of Fort Wayne are honest, intelli-
gent men, not easily bamboozled or de-
ceived. Living in the noonday of time,
they read and think and the editors of
republican papers in this city will find
that the triumphs of truth and reason are
greater than those of misrepresentation.
Slander cannot make a subject either
better or worse and in the long run it
acts like a boomerang upon the party
that resorts to it. The true and concise
statement of our county affairs, made by
our county treasurer, is all that is neces-
sary to puncture the false statements of
republican newspapers, and it will be
published often enough for every man
in the county to read it and these pre-
tended reformers will find that "truth is
mighty and will prevail."

The statement shows that the commis-
sioners did issue \$200,000 of bonds, and
they bear five per cent interest, but the
premium they brought, of \$4,000,
brings the rate of interest to about 4 1/2
per cent or less. They did this to pay
off every county order that drew 6 per
cent, and to give them money enough to
keep the county for the future on a cash
basis and at the same time not to stint
in the necessary expenses of a thriving
county. Several years ago, about the
time Mr. Rudisill was auditor, a large
number of wooden bridges, on pile founda-
tions, were built within a period of
four years. Everyone knows what kind
of bridges they were from the one at
Rudisill's mill and Muldoon's dam.
During the last four years these bridges
have had to be rebuilt or repaired at a
cost of over \$150,000, and in order to
verify my statement I give figures of
cost and location of bridges, and this will
tell why for four years past the expendi-
tures of the county have been heavy:

Well's street bridge, St. Marys river	\$20,022 51
Paper Mill bridge, St. Joe river	14,480 23

Some more have yet to be built, but
the work is principally done for many
years to come. Allen county is the
largest county in the state and has more
bridges to build and keep up than any
other county. She is second in wealth
and manufacturing interests and had it
not been for the necessary expenses
above mentioned she would not have
run behind one dollar. THE PEOPLE BELIEVE IN GOOD ROADS, SAFE BRIDGES,
WELL MANAGED PUBLIC INSTITUTIONS,
LIBERAL EXPENDITURES FOR HOSPITALS
AND THE POOR.

The hospital and poor expenses alone
from June 1, 1885, to June 1, 1886, were
as follows, according to the report of
Auditor Griebel:

Poor orders by townships trustees	\$22,821 00
Medicine	968 20
Physicians	2,949 37
Railroad fare	271 25
City hospital	3,840 63
St. Joseph hospital	4,077 12
Asylum	6,577 15
Asylum superintendent	800 01
Pauper house	33 40
Overseers of poor, township trustees	1,957 60
Total	\$43,795 12

Viewing the great improvements and
charities we can point with pride to our
county and the paltry debt that is shown
in the statement of the county treasurer
is so straightforward and plainly legi-
timate that people never give it a mo-
ment's critical consideration. There has
been no stealing. Men like William
Briant, Jerome Gloyd, Henry Hartman,
Louis Griebel, W. H. Maier, John Dal-
man, Judge Hench, Judge O'Rourke
don't steal. Newspapers are the only
scoundrels that dare say they do. Indi-
vidually not one of the gentlemen who
edit those papers would say so. The
democratic and republican platforms
both agreed that one term in a four year
county office was long enough. With
that idea prominent the present demo-

cratic county ticket was nominated and
as Mr. P. S. O'Rourke said to me a few
days ago, "it is as good a ticket as was
ever nominated in Allen county," and
Mr. O'Rourke is a close ob-
server and always says exactly what
he means. He also said that
he had known Mr. Niezer from his boy-
hood, and that he was the son of honor.
The laws that regulate the county offi-
cials in the banner democratic county of
Allen regulates them in republican coun-
ties. Allen county's prosperity and
growth has been wonderful within the
past few years, and the workmen
who are building homes faster than ever
all over our beautiful city, still have con-
fidence in our public servants in spite of
the attempts of newspaper gentlemen at
each election to deceive them.

Respectfully,
CHARLES McCULLOCH.

Every day adds to the great amount of
evidence as to the curative powers of
Hood's Sarsaparilla. Letters are con-
tinually being received from all sections
of the country, telling of benefits de-
rived from this great medicine. It is un-
equalled for general debility, and as a
blood purifier, expelling every trace of
acridities or other impurities. Now is the
time to take it. Prepared by C. I. Hood
& Co., Lowell, Mass. Sold by all drug-
gists.

The real estate of the late Alonzo
Lockwood, of DeKalb county, was ap-
praised at \$180,000, and it consists of
6,161 acres of land.

Be ware now of the sudden changes
of weather and prepare for it. Dr.
Preston, Arthur Guinness, F. R. C. S.
of England, and a thousand others say
they "have prescribed Pond's Extract
with the greatest success," internally
and externally, for Colds, Sore Throats,
Neuralgia and all kinds of inflammation
and Hemorrhages. Like other good
things Pond's Extract has been imitated.
Avoid such worthless imitations.

The next meeting of the Northern In-
diana Superintendent and Teachers' as-
sociation will be held at Goshen, Friday
evening and Saturday, November the
12th and 13th, 1886.

Sprains, lameness pains and stitches,
weak back or disease of the spine will be
immediately relieved on application of a
Hop Plaster over the affected part. Its
penetrative power is wonderful. War-
ranted to be the best made.

There will be a reunion of the 100th
Indiana volunteers at Kendallville,
Thursday, November 25

The managers of the Waterloo fair
have already published the announce-
ment that their next fair year will begin
on the 3rd day of October, 1887.

There is one thing nobody ever regrets
—that is, the day they first adopted
Parker's Tonic as their regular family
medicine. Its range is so wide, and its
good effects so sure, that nothing else,
except good nursing, is needed in a
great majority of cases. Buy it, try it,
and afterwards it will not require any
praise from us.

IS THIS THE REFORM THEY TALK ABOUT?

[Proceedings of the Republican County Con-
vention taken Verbatim from
the Gazette.]

Mr. Baltes was declared the nominee
and made a short speech:

"MR. CHAIRMAN AND GENTLEMEN:—I
have not been seeking this office, but as
you have been so liberal as to give me a
majority on the first ballot, I am very
thankful, and shall work again as I did
four years ago, when I paid \$1,200 and
didn't get the office, even if it costs me
another \$1,200 to get into this court
house. All I ask is that these delegates
do the fair thing, and at the fall elec-
tion be at the polls and vote the whole
ticket through from top to bottom, [a
voice, "We'll do it!"] and there is no
doubt but we'll carry Allen county.
[Cheers.]"

Scott's Emulsion of Pure Cod
Liver Oil With Hypophosphites.

For Lung Troubles and Wasting Diseases.
Dr. J. Simons, New Orleans, La.,
says: "Scott's Emulsion is the finest
preparation of the kind ever brought to
my notice. In affections of the lungs
and other wasting diseases, we may con-
sider it our most reliable agent. In a
perfectly elegant and agreeable form."

For the relief and cure of inflamma-
tion and congestion called "a cold in
the head" there is more potency in Ely's
Cream Balm than in anything else it is
possible to prescribe. This preparation
has years past been making a brilliant
success as a remedy for cold in the head,
catarrh and hay fever. Used in the ini-
tial stages of these complaints Cream
Balm prevents any serious development
of the symptoms, while almost numberless
cases are on record of radical cures of
chronic catarrh and hay fever after all
other modes of treatment have proved of
no avail.

ADVISE TO MOTHERS.—Mrs. Winslow's
Soothing Syrup should always be used
when children are cutting teeth. It re-
lieves the little sufferers at once; it pre-
vents natural, quiet sleep by relieving
the child from pain, and the little cherub
wakes as "bright as a button." It is
very pleasant to taste. It soothes the
child, softens the gums, allays all pain
relieves wind, regulates the bowels, and
is the best known remedy for diarrhoea,
whether arising from teething or other
causes. Twenty-five cents a bottle.

TUESDAY, OCT. 26, 1886.

THE CITY NEWS.

Colds are popular.
Get ready for winter.
Go to the fair to-night.
Nights are getting longer.
The candidates are hustling now.
The election occurs one week from to-day.

Mr. Bayless Swift has returned from the northwest, where he was hunting and fishing.

The St. Paul's church fair at Library hall continues to draw large crowds every night.

James Mayhew has filed his bond as guardian of Mary A., and James A. Mayhew, minors.

Mr. Gust Koenig, the clever Hunting-ton jeweler is in the city attending St. Paul's church fair.

Judge W. H. Coombs and family are now snugly domiciled in a cottage on their suburban farm.

The contest for the conductor's lantern and clock, which closes at St. Paul's church fair to-night, promises to be very exciting.

The box office for the "Private Secretary," will be open Friday morning at 10 o'clock. This is a standard attraction by a standard company.

The city council will convene to-night, and the most important act will be to pass an ordinance giving the street car company permission to lay a double track on Calhoun street.

Mr. S. M. Blount, the prominent wholesale and retail druggist, of Wabash, was in the city yesterday the guest of his son-in-law, Mr. J. F. Beegan.

Gus Hilgermann, a popular driver in the fire department, and Miss Louise Crouse, who will be married on Thursday afternoon, at the West Washington street Reformed church, by Rev. Schaaf.

The work train on the Nickel Plate is sloping the banks in the cuts east and west of Claypool, which is a good idea, for it is a miracle that some accident has not happened during the big slides.

The law imposing a special tax on manufacturers and dealers in oleomargarine, butterine and other substitutes for butter goes into effect October 31. Dealers will then have to sell the stuff under its true name.

The electric light company of Logansport has asked for \$130 a lamp for the ensuing year. It is the Jenny system and the manager states that last year's contracts were taken too low and an increase must be asked.

Geo. O. Richards was yesterday acquitted of the charge of posting Louisiana lottery notices and John A. Scott, the assistant chairman of the republican central committee, was fined for provoking Mr. C. B. Woodworth. Justice Ryan heard both cases.

The Decatur Democrat says: "A party of hunters who live twenty-five miles north of Fort Wayne, went south Monday, hunting for the 'big woods.' They were a lively set of fellows and were loaded for bear. They were assured they would have a good time, if they enjoyed hunting a place to hunt."

Judge O'Rourke yesterday, heard in the circuit court, the application of D. W. Caldwell, receiver of the Nickel Plate railroad, against Nicholas Kaiser, of Hammond, for an injunction to enjoin the construction of a building extending upon the right of way of the railroad. The injunction was made perpetual. Mr. Kopke, an attorney from Crown Point, represented Kaiser, and R. C. Bell the receiver.

An expert of the American Road Machine company operated one of their latest improved, high-priced road machines last week on the Fairfield avenue gravel road, and the machine did such poor work that the superintendent, Mr. Henry Stollhorn, was obliged to procure a "Boss" road machine, made by the Fleming Manufacturing company, to repair the work done and put it in good shape for travel. The people in that vicinity are loud in their praise of the merits of the "Boss" road machine.

A number of persons are making a desperate effort to beat Hon. S. M. Hench for superior judge. Mr. Hench was fairly nominated at the democratic county convention and deserves the support of every democrat in the county. He came to this city twenty-three years ago and worked for a number of years in the Pittsburg and other shops and saved enough money to obtain a good common school education. He served two years in the army and was badly wounded at the battle of Fredericksburg. He has worked himself up to where he stands to-day by perseverance, push and energy. As prosecuting attorney, judge of the criminal court and judge of the superior court, nothing has ever been said against his record. He has made a good official, and even his bitterest enemies cannot point to a single decision that was not given in accordance with the law and testimony.

Go to the fair to-night.
Hon. B. F. Ibach, of Huntington is in the city.

A political ball is booked for Driscoll's hall Thursday evening.

The St. Paul's church fair at Library hall continues to draw large crowds every night.

The St. Paul's church fair at Library hall continues to draw large crowds every night.

Mrs. E. Casey has a branch of her hair-dressing establishment in Huntington.

The St. Paul's church fair at Library hall continues to draw large crowds every night.

John Madden, the special policeman was arraigned before Justice Ryan for an assault on Frank Farra.

The general Episcopal convention which has been in session at Chicago for several weeks, will likely adjourn this week.

Edward J. McOscar, a graduate of the Jefferson medical college, Philadelphia, has been licensed to practice medicine here.

Alphonso Kohne and Marry Galeo, George Kronmiller and Fannie M. Sulter, Rosta Brunner and Lyda Shirey have been licensed to wed.

Justice Ryan has issued a warrant for the arrest of a truckman who was detected stealing ten bushels of apples from the Nelson farm, out on the New Haven road.

Mr. Pete Pernot, long an efficient clerk in the democratic house of representatives, is at home in this city. Mr. Pernot has hosts of friends and is a good friend of ours.

"L. H. More, of Fort Wayne, and B. F. Churchhill, of this city, have been engaged to work on custom and fine work at the Mammoth boot and shoe house."

—Huntington Herald.

Don't forget the regular cottage meeting of the Railroad Y. M. C. A. at their rooms, 245 Calhoun street, at 7:30 standard time. Come and bring your families and friends. Everybody welcome.

A silver water-tiller and tea set is to be voted for to the most popular candidate for congress, at St. Paul's church fair, commencing this evening. It is now on exhibition at Wolf's dry goods store.

There are in the United States and Canada forty-one Odd Fellow mutual aid associations, with 69,262 members. The receipts last year were \$1,050,905.07 and \$873,363.73 was paid to the families of deceased members.

The jury in the case of the Fort Wayne, Cincinnati and Louisville Railroad company vs. Sherry, to obtain a portion of a town lot adjacent to the track in Connersville, found for the defendant. A jury last spring in an exactly similar case found for the plaintiff.

Wm. Conway, Ich Miner and Albert Rokey were having a high old time on Fairfield avenue Saturday night, when Officer Wahrenburg locked the offenders up and the mayor sent them to jail yesterday to board on an unpaid fine. Officer Wahrenburg is going to put an end to the work of hoodlums on his beat.

Mr. George DeWald's spirited carriage horses frightened near the Murray foundry yesterday afternoon and ran to the Nickel Plate track at a frightful rate of speed. The Misses Mamie and Lizzie DeWald were the only occupants of the carriage and pluckily held to the frightened animals until they were stopped near Water street. No one was hurt and the escape was indeed miraculous.

Civil service is becoming so prominent a feature in railroadng that some questions are arising which should be settled by common consent and thus save much hard feelings among the men who are in the line of promotion. For instance, on some roads when a passenger conductor resigns or is dropped from the pay-rolls of the company the baggage-master on such train is promoted, or on another road a freight conductor. The question should be settled which man is entitled promotion where the baggage-master and the freight conductor are equally competent to fill the position of passenger conductor.

The much criticised state encampment held at Lafayette, last summer, was attended by Major R. Loder, of the Third artillery, who was detailed by Adjutant General Drum to visit the camp and present an official report of his observations. Many of the officers and members of the state legion have waited rather impatiently for this document to appear. The delay, however, has caused some of them to suspect that the major had reached the conclusion that the customary formal language of an official report would not satisfactorily represent his opinion about the affair, and that his observations would not be made public. However, his report was filed with the adjutant general at Washington, yesterday, and was telegraphed to the Lafayette Journal last night. The major says the troops are efficient and reliable in a fight, but he thinks the presence of Barnum's circus disturbed their spirit. The Fort Wayne boys received no special mention save in a general way.

Go to the fair to-night.
Zollar & Mera won the pony at St. Paul's church fair last night.

Mr. George Mark-y is temporarily assisting county Treasurer Dalm in.

Tom Dunn was let go by the mayor this morning on a charge of vagrancy.

The Indianapolis Humane society, after a rest of five years, has been reorganized.

Fire consumed B. F. Robbins' furniture factory at Madison. Loss, \$7,000; fully insured.

Aleck Biner was hurt at the east Pittsburgh yards last evening and Dr. Geo. Stemen attends him.

Five car loads of stone, to repair the streets of the city, arrived here from Wabash this morning.

C. M. Dawson and Judge S. M. Hench will speak at Lake Center, in Lake township, this evening.

Hon. Bruce Carr, who is amusing himself as a republican candidate for auditor of state, is in the city.

J. M. Robinson and P. B. Colerick will address the people of Abbot township at Harper's school house this evening.

John A. Scott filed an affidavit this afternoon charging Clint Bourie with illegally pasting Louisiana lottery paper on the dead walls.

Judge Edward O'Rourke and M. V. B. Spencer addressed a large meeting at Felger's school house, Marion township, last evening.

Fred Martin, who lives west of Broadway, was hurt about the head at Nickel Plate coal pit last night and is confined to his home where Dr. Dinnen attends him.

J. H. Johnson, of Bellevue, a brakeman on the Nickel Plate, had his hand hurt last night. Dr. Dinnen dressed the member and sent the sufferer to the St. Joe hospital.

A bull-dog wearing a horse's harness, and having a bit in its mouth, was driven through the streets of Springfield with a horse for its mate, and a colored man holding the lines.

The contractor is drilling through slate at the prospective gas well and expects to hit either oil or gas when he penetrates that substance. They are down now almost 1,200 feet.

Inside of fifteen days three huge steam dredges will be at work on Little River ditch. The largest one will be moored near the Godfrey farm, another at Prairie switch and a third midway on ditch No. 6.

There will be a meeting of the democrats of the Eighth ward at Deputy Marshal Franke's carpenter shop, in the rear of No. 408 East Washington street, to-morrow evening. Messrs. Phil B. Colerick, Will Shambough, B. F. Ibach and J. M. Robinson will speak.

Judge O'Rourke will convene court to-morrow to hear the application of Nellie Hines for a divorce from her nominal husband, E. B. Fickes, who is now in jail on a charge of assault with intent to kill Steven W. Chase. Reserved seats for this spicy affair will be in great demand, and chairs are arranged inside the railing for the dudes who are to be suddenly summoned to testify as to Nellie's virtue.

This morning Messrs. B. M. Holman and T. P. Keator, of the Gazette were arrested for criminal libel on Col. I. B. McDonald, in accordance with the suit filed before Judge O'Rourke yesterday. They gave \$200 bail, all that was required, with Mr. Fred. Bench as security. The criminal case is not fixed for trial, but the summons in the \$10,000 damage case is made returnable November 5.

The Pennsylvania railroad company has gradually diminished its Sunday service by ordering off from 8 o'clock on Saturday night to midnight on Sunday all freight trains, except those with live stock on board, and by diminishing the number of passenger trains. Sunday repairs have also been stopped. It is said that the experiments have proved so satisfactory that the orders will be made permanent, and the changes extended through all departments.

SENATOR VORHEES.

He Chats on Hoosier Politics at Chicago.

CHICAGO, Oct. 25.—Senator D. W. Voorhees, of Indiana, was at the Grand Pacific hotel yesterday. He came in direct from Stevens Point, where he had been engaged in an attempt which terminated successfully in securing, on the ground of insanity, an acquittal for W. W. Hazeltine, who killed J. W. Morse, his friend, for having led his wife astray. A reporter for the Times met the "tall eyemore of the Wabash," last evening and asked him as to affairs politically in Indiana. "We ought to gain congressmen in the Tenth and Eleventh districts," he replied. "I believe we will. That will make the delegation eleven democrats and two republicans. John Lamb is certain to be elected in the Tenth House district. There was some ugly feeling among the various factions over his nomination, but there was no split in the party, and he will, as he should, receive the full party vote. Our state ticket will be elected by a largely increased majority. I leave for Tipton to-night, and shall be on the stump from to-morrow till the election continually. What do the Indiana democrats think of President Cleveland? Well, they like him. They feel that he is giving the affairs of the country a comfortable, clean, pure, and honest administration. If no bad blunders are made, and things continue to run in the same groove they are running in now, he will be re-nominated and re-elected by an immense majority."

Re Important Witness in the Haddock Murder Case Killed.

DES MOINES, Ia., Oct. 25.—The disappearance of Henry Peters, one of the important witnesses of the Haddock murder case of Sioux City, and the information that he had been killed to prevent his telling, has been nearly confirmed. A body has been found and to-day an examination of the clothing was made, which led to an almost complete identification of Peters.

BIG MONEY.

Thirty-Six Million Dollars Paid by the Indianapolis Pension Office in Nine Years.

WASHINGTON, Oct. 25.—From the annual report of Third Auditor Williams, now in preparation, it will be seen that the disbursements of the pension agency at Indianapolis during the past year were \$5,591,486, against \$5,183,311 in 1885, \$4,502,709 in 1884, \$5,129,025 in 1883, \$4,553,335 in 1882, \$3,086,898 in 1881, \$3,551,399 in 1880, \$2,132,795 in 1879, \$1,814,578 in 1878, making a total during the past nine years of \$36,114,203. The total expenses of the agency last year were \$23,498. Indianapolis has the third largest agency in the country.

Weather Indications.

WASHINGTON, Oct. 25.—The weather indications are as follows:
Ohio, local rain, followed by fair weather, warmer in the northern portion and nearly stationary temperature in the southern portion.
Indiana, generally fair weather and warmer.
Michigan, generally fair weather, warmer.

Fire Record.

CINCINNATI, Oct. 25.—A defective fuse caused a fire in the attic of John S. Park's patent medicine laboratory at 155, 157 and 159 Main street to-day, which entailed a total loss of \$15,000, mainly by water. Fully insured.

\$50,000.

An Adams Express Car is Robbed Near Meramec, on the St. Louis and San Francisco Road.

ST. LOUIS, Oct. 25.—An Adams Express car on the St. Louis and San Francisco road, which left this city at 8:25 last night was robbed of over \$50,000 in cash between here and Pacific, Mo. From meagre reports it seems that before the train left this city, a man giving the name of Cummings, presented letters to the express messenger, Mr. Frothingham, purporting to be signed by the officers of the company, stating that Cummings was about to take a "run" on the line, and asking Frothingham to give him points, when, near Meramec, the stranger overpowered the messenger, gagged him and bound him to the safe, after which he coolly rifled the car. He

out open bags containing silver but took none of it. At Meramec the robber left the train. The robbery was not discovered until the train reached Pacific, when the express car was broken open and Messenger Frothingham found tied to the safe. The express officials are reticent, but admit that over \$50,000 was taken. The robber is imperfectly described as a tall, dark man of prepossessing appearance, dressed in black, with very large hands and feet. It is quite a singular coincidence that he gave the name of Jim Cummings, the only member of the once celebrated James gang who has never been accounted for.

DR. SUNDERLAND.

The Distinguished Clergyman Refuses Aid to a Needy Member of His flock.

NEW YORK, Oct. 25.—A Washington special to the World says: "Some time ago Deacon Patterson, of Dr. Sunderland's church, which President Cleveland attends, was dismissed from the supervising architect's office. The deacon is about seventy years old and has a large family to support. There were no charges against him. He went to Dr. Sunderland and asked him to go to the president and lay the case before him, but the doctor indignantly refused. He did not propose to say anything of a political nature to the president, even for a deacon of his church. A large number of the congregation next called upon the doctor and requested him to speak to Mr. Cleveland and use his influence to have the old gentleman reinstated. The doctors were treated with marked disrespect. This caused a flutter among the doctor's flock, some of whom openly rebelled and used strong language. 'The truth of the matter is,' said a member of the church yesterday, 'Dr. Sunderland is more afraid of losing President Cleveland by speaking of political matters to him, than of doing a humane act in aid of a deacon to help an old man, who is a deacon in his church and who, with his large family, is near starvation. A party of us went to the president and he is intimated that should Dr. Sunderland support us in our desire to have the old gentleman reinstated it would be done, but the doctor stubbornly refused and a great many of us left the church, and a large number will do so before another week is gone. Not one member in twenty will support the doctor in his course.'"

Liberty's Unraveling Thursday.

NEW YORK, Oct. 25.—The preparations for the unveiling of the statue of Liberty next Thursday are progressing rapidly.

ELECTION FRAUDS.

A Convict Witness Gets Away From His Guard.

COLUMBUS, O., Oct. 25.—Jno. Francis, an eight year convict, sent up from Dayton, escaped from his guard at the court house this morning. He was one of the principal witnesses for the state in the Thirtieth ward "A" tally about forgery cases, which are now on preliminary hearing.

Francis had been placed on the witness stand, but during a lull in the proceedings he walked out. It is believed he had assistance to get away from the court house and vicinity in such a hurried manner.

BLAINE-CLEVELAND.

The Maine Man in Doubt Whether He Could Be Elected.

WASHINGTON, Oct. 25.—Colonel Dudley, ex-commissioner of pensions, who has just returned from Pennsylvania, where he was with Mr. Blaine for two or three days, has been interviewed by the World's correspondent. When asked if he thought Mr. Blaine would be a candidate for re-nomination he said: "I have no such relations with Mr. Blaine that I think he would have told me if he was a candidate, if he had come to my mind on the subject. I am certain Mr. Blaine does not want to go through another fruitless campaign. Mr. Blaine's judgment is clear and unbiased. I am perfectly confident that he doubts his ability to be elected if he should be nominated again. If he becomes convinced of that, you may be sure he will not permit his name to be presented to the convention."

Colonel Dudley then went on to say that there were a number of western candidates coming up. If the nomination should not go to Mr. Blaine it would probably go west, and in that event

would naturally go to somebody agreeable to Mr. Blaine. Mr. Allison he regarded as very prominent on this account. If Indiana should go republican this fall by any chance, that fact would bring General Harrison to the front, Governor Foraker, of Ohio, was also coming up. He is very popular with the young men, and in the event of Blaine's nomination might go second on the ticket.

"Do you think Mr. Blaine will be re-nominated?"
"It will depend upon what the democrats do. I think Mr. Blaine could carry New York against Cleveland, but I do not think he could carry it against Governor Hill. I regard Governor Hill as one of the most able politicians of his time. If he were to be nominated, the republicans would have to be governed in their choice by that fact."

Senator Sherman is charged with a street extension job in Washington, designed simply to make his acre property available for sub-division into city lots. As the people of the United States bear half the expense of the District of Columbia, the matter quite naturally attracts attention outside of the national capital.

FIGHTING FIRE.

Thousands of Acres of Valuable Timber Land Burned.

READING, Pa., Oct. 25.—One hundred men employed by the county commissioners have been on Blue mountain fighting mountain fires night and day since last Saturday and this afternoon they succeeded in extinguishing the flames after 5,000 acres of valuable timber had been burned over. The charred remains of a number of cattle and hundreds of birds were found in the burned district.

WARREN, Pa., Oct. 25.—The woods between this city and Bayview have been burning fiercely since yesterday noon and the village fire department was out all night working to prevent the flames from reaching dwellings in the vicinity. A large quantity of valuable timber has already been destroyed.

DOVER, Oct. 25.—An extensive fire at Barrington last evening swept over a large area of woodland. The fire is still raging. The loss so far is estimated at \$15,000 to \$20,000.

NATURAL GAS.

A New Theory as to Its Origin and Application.

PITTSBURGH, Oct. 25.—Chambers Miller, of Scrivley, Pa., holds the theory that natural gas is confined in the earth in a fluid state, and he has filed a caveat for a patent, which is designed to conduct this fluid to the surface and into receptacles for its preservation.

If this theory should prove correct it will be the greatest discovery of the age, as the fluid brought to the surface and confined at a pressure of say 600 pounds to the square inch can be utilized to an inconceivable extent as fuel. A locomotive, for instance, with a few gallons of fluid, would have a supply of fuel sufficient to run it from Pittsburgh to Chicago, and an ocean steamer would require only a few barrels to make a trip to Europe. A test of the theory will in all probability be made at an early day.

An Insurrection.

CARLETON, S. A., Oct. 25.—Two thousand and Pundoo have invaded Xosibeland, bearing the Krals and committing depredations. The government is raising volunteers to resist them. The situation is critical.

CLOSING UP.

The Episcopal Convention Getting Down to Important Work.

CHICAGO, Oct. 25.—The resolution of the house of bishops naming Wednesday as the day of adjournment was unanimously adopted and a joint committee of conference was appointed to consult the bishops and to decide upon a day of adjournment. It was urged that the convention should complete the work of the liturgical revision and the canon on marriage and divorce before adjourning, and also two important reports on Christian unity. The bishops then renewed the consideration of amendments and changes to the book of common prayer.

Govt. Rags, Geo. McHenry and young Devlin were assigned before the mayor for doing work at the new Catholic orphan asylum. They got off with a reprimand.

D. S. KEIL.

His Sad Death in New York City This Morning.

The many friends of Mr. D. S. Keil were pained to learn of his death at New York City this morning at 6 o'clock, from consumption of the bowels. Mr. Keil had been troubled with the dreadful disease for many months and left only a few weeks ago for the east, accompanied by his loving wife, to try and find some remedy or treatment that might bring him relief. But it seems nothing could be accomplished, for his wife telegraphed her son, Mr. Calvin Raymond, of this city, this morning, that her husband died at 6 o'clock and that she would start for home with the remains this evening. Mr. Keil was born in Butler county, Ohio, and was fifty-four years of age. He was a graduate of the Willingham college, of Springfield, Ohio. He served in the army as sergeant from 1862 till 1865, and moved to Fort Wayne in 1863. With his brothers he purchased the Gazette of this city, in 1870, and was managing editor for about ten years. In December, 1883, he was married to Mrs. Jennie Raymond, of this city. He was a warm hearted, kind gentleman, and like a true born nobleman, had a pleasant word and smile for every one. In business he stood high and he carried with him the esteem and respect of his fellow men. His wife in her bereavement has our most sincere sympathy in her great loss and it is certain the community loses an upright and honorable citizen.

PRISON SCHOOL.

Hon. Henry Manning Tells How the Convicts are Instructed on the Lake Front.

"We have 700 prisoners in the northern penitentiary," said Hon. Henry Manning, one of the directors, "and a grand feature of life in the prison, which people hear little about, is the school taught each Sunday. When a new recruit is ushered before the deputy warden for examination, the question, 'can you read or write?' is put to him, and if an answer be received in the negative, the fellow is at once enrolled as a member of the educational class. School begins in the chapel immediately after breakfast, and continues until 9:30, over two hours and a half. Over sixty convicts are now taking lessons, being taught by fellow convicts, under the supervision of a guard. An ignorant man, by strict attention to his studies, became proficient in the under elements within six months' time, so that he can write his own letters and read readily. Then he is 'graduated' to make room for new beginners."

MR. ABBOTT AGAIN.

To the Editor of the Sentinel.
Mr. Abbott in the Gazette of Sunday complains that my letter published in your paper on Saturday evening, is unjust to him. He is mistaken. As a candidate for auditor he must not object if the papers "tell the truth." In my letter he was set down as a "chronic office-seeker who, after a series of rebuffs at the hands of the voters of Allen county, is again before the people as an independent candidate for auditor." Is not that true? The democrats nominated him for auditor in 1879, but he was too heavy a weight to carry, and he was beaten. He was again nominated in 1874, for the same office, and his unpopularity was again shown by the beggarly majority of thirty votes by which he captured the place. His present alliance with the means by which he was saved, and went so far as to claim that he was not elected at all, but only "counted in." He tried for a re-nomination but failed. Since that time he has been an independent candidate for something at every election, I believe, but always figured in the "centering column" of the returns. Mr. Abbott says: "If an issue of \$100,000 bonds would have wiped out all the county debts including \$14,800 of interest due on them and left a balance of \$10,000 in the treasury, then what in the name of common sense did the commissioners issue \$250,000 county bonds for?" My letter of Saturday answered this fully, as Mr. Abbott knows. It was to put an end to "the extravagant, vicious and demoralizing system of doing the public business on tick." To do away with the practice of anticipating the revenue by the issue of county bonds, that involved waste extravagance and recklessness—a prac-

tice which was burdensome to the tax payers, injurious to the general interests of the public and of no advantage to any one."

Mr. Abbott thinks "It was an act of shameful extravagance to load the people with an issue of \$200,000 bonds and \$84,000 interest, extending over a period of eleven years." For the \$200,000 of bonds \$204,000 cash has been paid into the treasury to be paid back in installments covering a period of ten years. The interest that will have to be paid will be in all \$80,000, and it will be found that during the last eleven years which will reach back to 1876, the county has paid in interest a sum equal to \$102,000 without the benefit to the county of having the business transacted on a cash basis.

Mr. Abbott, in this morning's issue of the Gazette, says: "It should be remembered, 'that from 1878 to 1886, a debt of more than \$200,000 was created.' In his former communication he proved by the record that as late as June 1878, there was a cash surplus of more than \$23,000. Why not commence in 1879 instead of 1878? Now, in conclusion, Mr. Abbott, you know that the indebtedness of the county at the end of the last fiscal year (June 1, 1886) was \$90,331.21, so that a loan of \$100,000 would have paid off every county order and left a balance in the treasury of nearly \$10,000, and you ought to say so. 'The republicans won't vote for you, and you ought not to help them elect Mr. Higgins. It would be an ungrateful thing for you to do.' A DEMOCRAT.

LOCAL CHAT.

News Picked up in the Surrounding Villages.

The Seymour woolen mills are working at night to fill orders.

Mayor Carter Harrison has been nominated by the democrats of his district in Chicago for congress.

A few nights since the new fire leaders at DeLancey, just completed at a cost of \$800, were destroyed by some careless schoolboy with dynamite.

Loganport has recently been scourged with diphtheria, some sixty deaths having occurred there from that terrible disease within the past month and a half.

Harry New, of the Indianapolis Journal, has bought another dog. He didn't need a dog particularly, for he had fifteen already, of all styles, breeds and dispositions, ranging from St. Bernard down to a rat terrier, not counting "Old Hoo," who looks around the "open house," and "Deek," who reports political meetings for the Journal. It costs enough to feed these dogs to run a base ball club. Mr. New has also more than a thousand dollars' worth of guns and other hunting paraphernalia, and it is calculated that every quail he kills costs him \$9.33, every rabbit \$7.62 and every duck \$10.76. He paid a man \$50 to train one of his "pointers," and when he was sent back, thoroughly broken as they say, he persisted in "pointing" a game stand on Illinois street, where, it is suspected, New gets his game when he goes hunting.

Railroad Election.

INDIANAPOLIS, Oct. 25.—The first annual meeting of the Cincinnati, Indianapolis, St. Louis and Chicago railway company was held here to-day. The following persons were elected directors: M. F. Ingalls, George Hoadley, Samuel J. Broadwell, B. F. Evans, George Wilshire, J. A. Anderson, Orland Smith, Thomas A. Morris, Allen M. Fletcher, F. T. Jeffery, George Bliss and C. P. Huntington.

President Ingalls submitted a statement for the four months ending Oct. 31, showing an increase in the net earnings of \$14,522. It was ordered that the rate of dividends be increased from time to time as the revenues may justify. An issue of \$3,000,000 of stock was ordered. The directors meet to-morrow to elect officers.

MONROEVILLE.

Political and Other News From Our Suburban Neighbor.

Our town council is not giving general satisfaction. Such modest *opereandi* will not be lawfully recognized.

Henry Krick will sell all his personal property on Saturday November 6. He intends starting a saloon at Hazelton.

This will be our last exhortation to our honest democratic friends to see that there are no names scratched on your ticket next Tuesday. We have as good and capable class of gentlemen as was ever placed on a ticket. Will you get there next Tuesday, and don't you forget it.

The personal property of the late Sam Wan will be sold at administrator's sale Thursday, November 4.

A large political meeting was held at Burns' hall last Tuesday, at which place a liberal crowd of all parties congregated for the purpose of hearing the joint discussion between McDonald and Blair, democratic and republican candidates for joint senator of Allen and Whitley counties. Mr. Blair opened the discussion by giving a limited history of his career and a tinge of his profession, which was not necessary, as his attitude was sufficient to convince the audience that he was a copper, which is by no means a disgraceful occupation, and as such he may be for the next few years. He talked about our prison labor and read copious articles, said to have been published, but refrained to show its legality. Blair stamped the door for an hour, after which Colonel McDonald took the floor and spoke for an hour and fifteen minutes in such a manner that throughout his speech he was cheered with enthusiasm. He, in a gentlemanly manner, answered the different topics tackled by Blair; told the audience why he was here, and what he intended to do if elected—which is certain. T. P. Keator, of the Fort Wayne Gazette, was present and in a blinding way prohibited Mr. McDonald from using his name in connection with his candidacy of four years ago. Blair was then allowed more than fifteen minutes to finish the discussion. He did not bring forth any new ideas, but tried to abuse his competitor, but with no effect. Many anecdotes were told by both speakers, which kept the audience spell-bound during the entire 1½ hours. Come again, gentlemen, this is what helps democracy.

Last Tuesday evening, Messrs. J. B. Harper, H. Cohen, C. Higgins, J. W. Hayden and Judge Chapin, all of republican color, addressed a large crowd at the hall in the rear of Stewart's store. The speakers are all good citizens of Fort Wayne, and not a word can be said against them, only that they do not belong on the right side of the fence. Not a word of abuse was said against the democratic candidates, but they were constantly throwing obscenities at the democrats who were present, in order that they might secure their votes. At the conclusion of the meeting some unknown villain, who are not fit to live in a free country, disgraced the town by egging the audience. This is the second attempt made here, probably by the same party, or parties, inside of two weeks. This is a disgrace to the town, and by no means are the respectable citizens to be blamed, as they are all anxious to bring the offender or offenders to justice. The Gazette correspondent from this place is asked to correct his erroneous statement concerning the affair.

We hear that the teachers of Madison township held an interesting institute at Houghland last Saturday. Seven teachers from the township, besides many from the surrounding townships were present. Sept. C. F. Fells was also present and was chairman of the meeting. During Mr. Fells' stay he gave much good advice to the teachers present. Mr. Fells is the teacher's friend, and is always in sympathy with them. The next institute will be held at the Tott's school Saturday, November 20.

D. A. Way has just completed the brick work of a school house for Trustees Billerman, of St. Joseph township. He will now commence the foundation for an elegant school building west of town for Trustees N. C. of Madison township.

Mrs. Samuel Williams, the lady who was badly injured during the recent storm, is getting better and will be able to leave her bed in a few days.

Mr. John Hays and wife, of Chicago, are spending a month's vacation with his relatives at this place. John is an opponent for the Chicago board of trade, and is considered as one of the best telegraphers in the west.

Judge O'Rourke yesterday, heard in the circuit court, the application of D. W. The people in that vicinity are fond in their praise of the merits of the "Boss" road machine.

A number of persons are making a desperate effort to beat Hon. S. M. Hench for superior judge. Mr. Hench was fairly nominated at the democratic county convention and deserves the support of every Democrat in the county. He came to this city twenty-three years ago and worked for a number of years in the Pittsburg and other shops and saved enough money to obtain a good common school education. He served two years in the army and was badly wounded at the battle of Fredericksburg. He has worked himself up to where he stands to-day by perseverance, push and energy. As prosecuting attorney, judge of the criminal court and judge of the superior court, nothing has ever been said against his record. He has made a good official, and even his bitterest enemies cannot point to a single decision that was not given in accordance with the law and testimony.

Civil service is becoming so prominent a feature in railroading that some questions are arising which should be settled by common consent and thus save much hard feelings among the men who are in the line of promotion. For instance, on some roads when a passenger conductor resigns or is dropped from the pay-roll of the company the baggage-master on such train is promoted, or an another road a freight conductor. The question should be settled which man is entitled promotion where the baggage-master and the freight conductor are equally competent to fill the position of passenger conductor.

The much criticized state encampment held at Lafayette, last summer, was attended by Major H. Joder, of the Third artillery, who was detailed by Adjutant General Damm to visit the camp and present an official report of his observations. Many of the officers and members of the state legion have waited rather impatiently for this document to appear. The delay, however, has caused some of them to suspect that the major had treacher the conclusion that the customary formal language of an official report would not satisfactorily represent his opinion about the affair, and that his observations would not be made public. However, his report was filed with the adjutant general at Washington, yesterday, and was telegraphed to the Lafayette Journal last night. The major says the troops are efficient and reliable in a fight, but he thinks the presence of Barum's circus disturbed their spirit. The Fort Wayne boys received no special mention save in a general way.
